ready to start weaning?

Most little ones will be ready to wean at around 6 months old but every baby is different! If you think your baby is ready to start before they're 6 months old, remember to have a chat with your health visitor first.

# BABY'S FIRST BOTTLE SET

ONLY  
**€24.99**

- ◆ The MAM Easy Start Self-Sterilising Bottle Set offers an easy switch between breast and bottle.
- ◆ The patented Skin Soft teats are silky soft and provide a familiar feel for babies.
- ◆ This set also includes a 0-2 month soother, an extra soft bottle spout and a Hold My Bottle handle.

## ANTI-COLIC

- ◆ MAM baby bottles feature an innovative vented base for an even drinking flow, so your baby isn't swallowing air.
- ◆ This can reduce colic in 80% of cases.

## SELF-STERILISING

- ◆ The Easy Start Bottle self-sterilises in 3 simple steps, so you can safely sterilise bottles at home or on the go.
- ◆ Simply heat your MAM baby bottle in the microwave with 20ml of water and in 3 minutes it's safely sterilised.
- ◆ This means there's no need to pack a steriliser or extra bottles and teats when you're out and about.

## SKIN SOFT SILICONE TEATS

- ◆ These baby bottles feature patented teats, made with Skin Soft silicone. Not only are they the ideal shape for babies, but the soft lip rest makes it easier for your little one to feed.
- ◆ Plus, these options allow extra-slow drinking flow for safer feeding.

Vital Baby are proud to work alongside the charity CLEFT which supports families with babies born with cleft lip or palate in several low resource countries.

Our silicone feed assist feeding bottle provides the benefit of being able to “squeeze” milk through the teat when the baby is unable to suck or feed normally due to the complications of a cleft lip or palate, enabling an easier and more relaxed feeding time for both baby and parents, and ultimately reduces the need for tube feeding.

ONLY  
**€8.49**

Vital Baby Nurture Silicone Triple  
Anti Colic Teats Flow **ONLY €8.49 EACH**

ONLY  
**€11.49**

Vital Baby Nurture Silicone Feed  
Assist Bottle 6oz **ONLY €11.49**

- ◆ Designed to mimic the shape and feel of mum's breast, NURTURE breast-like feeding teats have advanced triple anti-colic valves that reduce air intake and help to reduce the symptoms of colic.
- ◆ Made from 100% super soft silicone, flexzone™ area around the bottle teat allows the teat to stretch and flex just like mum's breast, to avoid confusion between breast and bottle and ensuring a comfortable and effective feed for your baby.
- ◆ Sometimes your baby will need an extra helping hand during feeding.
- ◆ The NURTURE silicone feed assist feeding bottles enable you to squeeze the base gently to release the milk flow are a safe option for your baby.
- ◆ Silicone is the perfect material for a baby's bottle and one of the softest materials available.
- ◆ Naturally free from nasty chemicals such as BPA, latex and phthalates, silicone is highly temperature resistant, so it is safe to clean in a dishwasher, a steriliser and can be boiled in water.

## WELLNESS FOR MUM

Seven Seas Omega-3 & Immunity has been specifically developed to support your immune system with Vitamin D, Vitamin C, zinc & selenium.

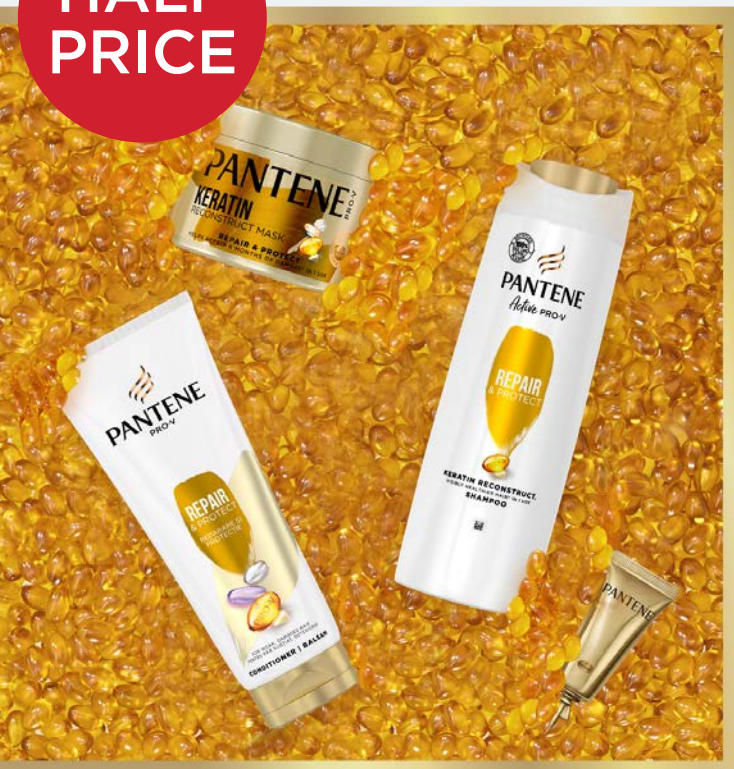

Omega-3 supports major organs in the body, helping them to function normally such as the heart, brain and eyes. Omega-3 is essential because the body can't produce it and can only get it through outside sources such as diet and supplements. Vitamin C, Vitamin D and zinc support the normal function of the immune system.
